

## **2020 Spring and Summer Internship**

ABC offers a unique internship opportunity for students interested in beginning their career path in Applied Behavior Analysis (ABA). With qualified and credentialed supervisors, interns will receive high quality training on providing behavioral therapy to clients with a variety of needs. This training will provide a solid foundation for individuals interested in pursuing a behavioral health education, and even a Board Certification in Applied Behavior Analysis..

We are seeking determined individuals who are passionate about providing effective therapy to individuals with behavioral needs. Ideal candidates will have plans to pursue higher education and are available to provide direct therapy to clients, with supervision from a Board Certified Behavior Analyst (BCBA).

### **Internship Experience**

- Implement skill building programs for acquisition/replacement behaviors
- Implement de-escalation strategies and reduction behavior procedures
- Participate in onsite trainings and workshops
- Complete projects on data collection, graphing, written reports, etc
- Receive behavior plan training
- Collect and graph data
- Free Competency Test to become a Registered Behavior Technician (RBT)
- Special topics training workshops
- Potential employment opportunity upon completion
- Opportunity for recommendation letters for graduate programs
- BACB Supervision
- Development of ABA skills
- Documented volunteer hours and course credit opportunity
- High quality training and credentialing
- Crisis Management training and certification
- Students will gain the knowledge and proper implementation of conducting standardized assessments such as VB-Mapp & Vineland-III
